# About Us.

- We are a youth-led charity organization.
- We provide high-performance training to leaders of clubs and societies at the university institutions in Zimbabwe.
- We provide donations of basic needs to underprivileged homes, e.g., orphanages, old people's homes, etc.
- Youth in Action was established in February 2022 to help young people realize their personal ambitions and give them the tools, tactics, and strategies to deliver on their aspirations.
- We have been doing this through high-performance training, personal development book drives, mentorship, and various other donations.
- About 70% of our population are youths, and we strongly believe that by empowering them through high-performance trainings we will be contributing towards the economic stability of our nation.

# Mission, Vision & Core Values.

## MISSION

- To provide high-performance training, inspiration, and empowerment to leaders of clubs and societies at the university institutions in Zimbabwe.
- And donation of basic needs to the underprivileged homes in Zimbabwe.

## VISION

- Establish training centers that will provide high-performance (hp) training to youth leaders and orphanage children in Zimbabwe.
- In the next 5 years, 2030, we anticipate to have at least one training center in Harare and should have provided high-performance (hp) training to 2 000 youths.
- By 2050, we expect to own our real estate properties of training centers for underprivileged young people.

## CORE VALUES

- We continuously improve
- We always find a way to serve humanity
- We expect the best and we are optimistic about the future
- We enjoy achieving and having fun
- We challenge ourselves and we aren't afraid to initiate
- We act with passion, enthusiasm and ambition

# Our Philosophy.

Life can be much broader once we realize one simple fact, and that is everything around us that we call life was made by people that are no smarter than us. We can change it, we can modify it and we can build our own things that other people can use. Once we discover and accept this we will never be the same again.

# HISTORY

A Brief Story About **Youth In Action**

**Established on February 28, 2022,**

- We are proudly based in Harare, Zimbabwe. Since our inception, we've experienced significant growth, expanding from just 4 members to 84 members as of October 17, 2024.
- Through our involvement in various charity initiatives, we observed that many organizations focus solely on providing material aid, which often offers only short-term relief. We wanted to create a lasting impact, offering something deeper and more meaningful. This led us on a journey of discovery to find the best way to support those in need.
- Our research revealed that the most valuable gift we can offer—whether to those who are disabled, blind, or facing poverty—is the realization of their personal purpose and ambition. By helping individuals understand their own potential, we provide them with the strategies, tools, and support they need to pursue their goals with passion and determination, empowering them to live a life of purpose.

# HIGH-PERFORMANCE (HP) TRAINING

- We provide high-performance trainings to leaders of clubs and societies at the university institutions and other youth-led organizations in Zimbabwe.
- These are designed to empower and equip youth leaders with the skills needed to excel in their personal and professional lives.
- This dynamic training focuses on fostering leadership, teamwork, and resilience, providing participants with valuable tools to unlock their full potential.
- Led by expert facilitators, the event features interactive workshops, motivational talks, and practical exercises that encourages participants to push their limits, develop a growth mindset, and build confidence.

- In 2024, we had 3 Trainings, with an average of 35 attendees each.
- We had Dr. Rinos Mautsa, John Cole, Arthur Bobo, Melody C. Makuwaza, and Laurence I. Sithole attending as trainers.
- Training types include: Marketing, Finance, Research & Development, Project management, Team management and Leadership.

# DONATION TO TEEN MOMS

- We host heartwarming events dedicated to supporting single teen moms residing in places around Harare such as Chitungwiza, Budiriro, Mufakose etc.
- With this drive we aim to provide much-needed resources and encouragement to young mothers, ensuring they have the essentials to care for themselves and their children.
- We not only help meet the immediate needs of these teen moms but also created a space for them to connect, share experiences, and feel empowered through trainings.

- Our recent training and donation to teen mothers was on 30 November 2024, during the 16-days of Activism against Gender Based Violence.
- We had 40 ladies in attendance.
- We had 4 ladies, two who were once teen mothers offering empowerment and training.

# DONATION OF BASIC NEEDS

- As part of our ongoing commitment to supporting the community, we regularly organizes donation drives to provide basic needs to individuals and families facing hardship.
- These donations include essential items such as food, clothing, hygiene products, and school supplies, helping to alleviate the burdens of those struggling financially.
- Through the generous contributions of donors and community partners, we have been able to make a significant impact, offering immediate relief and a sense of hope to those in need.
- This initiative is a core part of our mission to improve lives and create lasting positive change in the community.

- In 2024, we have worked mainly with two homes: Ruoko rwaMwari Children's home and Society of the Destitute Aged, providing assistance with food groceries.

# PERSONAL DEVELOPMENT BOOK DRIVE

- We organize personal development book drives aimed at promoting education, growth, and empowerment within the community.
- Through this drive, we collect and distribute a variety of books focused on personal growth, leadership, and life skills.
- By providing access to these valuable resources, we inspire young people, to embrace continuous learning and self-improvement.
- This initiative is an integral part of our mission to foster a culture of personal development and equip individuals with the knowledge and tools they need to achieve their full potential.

- We have donated over 2 500 books since we started in 2022 to 6 children's homes/orphanages.
- We have mainly worked with Hellenic Academy and some other private high schools.
